

Data Quality Curriculum (DQC)
CHILD ACCOUNTING SPECIALITY MODULE SYLLABUS

MODULE INFORMATION

Module Description: The Child Accounting Module is designed to provide data related information to those responsible for collection, entry and upload of information specific to Child Accounting.

Module Objectives: The objective of the Child Accounting Specialty Module is to reinforce current knowledge of Child Accounting collection procedures while providing an opportunity to gain endorsement for a Data Quality Curriculum Track.

Module Requirements: Data Quality Curriculum Track completion is prerequisite to taking any specialty module.

Module Structure: This module will be delivered entirely online using the Moodle platform. Use your Moodle account to login to the module from the DQC login page that can be found at <https://www.padqc.org/learn>.

The Child Accounting Specialty Module consists of online exercises, including resource reviews, quizzes and optional forum discussions.

Moodle Access: To access the module on Moodle, participants will need access to the Internet and a supported Web browser (Firefox, Google Chrome, or Safari).

Technical Support: If you need technical assistance at any time during the course or to report a problem with Moodle you can:

- Review the online Moodle Tutorial located in the *Need Help with Moodle* block.
- For forgotten passwords, please click the forgotten password link and follow instructions.
- Contact the PIMS point of contact at your local intermediate unit.

General Information: **Tracking Progress:** Participants can review their progress by locating the Assignments block in Moodle and clicking the quiz and assignment link. To review a combined list of completed assignments and quizzes, locate the Grades option under Settings.

Grading: Quiz questions are worth one point each and will be graded automatically through Moodle. Assignments and open ended questions will be graded manually and will not show a grade until it is entered by the instructor.
