

Data Quality Curriculum (DQC)
CHILD ACCOUNTING SPECIALITY MODULE SYLLABUS

MODULE INFORMATION

Module Description: The Child Accounting Module is designed to provide data related information to those responsible for collection, entry and upload of information specific to Child Accounting.

Module Objectives: The objective of the Child Accounting Specialty Module is to reinforce current knowledge of Child Accounting collection procedures.

Module Requirements: Completion of any DQC track is prerequisite to taking a specialty module.

Module Structure: This module will be delivered entirely online using the Moodle platform. Use your Moodle account to login to the module from the DQC login page that can be found at <https://www.padqc.org/learn>.

The Child Accounting Specialty Module consists of online exercises, including resource reviews, and quizzes.

Moodle Access: To access the module on Moodle, participants will need access to the Internet and a supported Web browser (Firefox, Google Chrome, or Safari).

Technical Support: If you need technical assistance at any time during the course or to report a problem with Moodle you can:

- Contact a member of the DQC team. Refer to your welcome email for information.

General Information: **Tracking Progress:** Participants can review their progress by locating the Assignments block in Moodle and clicking the quiz and assignment link. To review a combined list of completed assignments and quizzes, locate the Grades option under Settings.

Grading: Quiz questions are graded automatically though Moodle. Assignments and open ended questions will be graded manually and will not show a grade until it is entered by the instructor.
