

Data Quality Curriculum (DQC) Accessing Grades and Viewing Student Progress

Go to the page of your chosen track (ex. Entry Level PIMS Administrator) of the DQC Moodle site go to Settings and click the arrow next to Course Administration to get the drop down box. Once clicked go to Grades.

The screenshot shows the Moodle 'Settings' menu. Under 'Course administration', the 'Grades' option is highlighted with a blue background and a grid icon. Other options include 'Question bank', 'Switch role to...', 'Return to my normal role', 'My profile settings', and 'Site administration'.

After selecting grades you will be taken to the User Reports page. Here you will see a list of your course work including Grade Item, Grade, Range, and Percentage that will show you your progress and grades in the track. Under Grade Item you will see the list of quizzes and assignments within the track. You may click on the quiz or assignment to see your progress if unsure of completion. For example, the SIS Vendor Verification form once clicked shows nothing has yet been submitted.

Grade item	Grade	Range	Percentage
Entry Level PIMS Administrator Track			
SIS Vendor Verification Form	-	0-5	-
PIMS Resource Navigation Session Evaluation	-	0-7	-
Entry Level PIMS Administrator Scavenger Hunt	-	0-10	-
Residency and Enrollment Exercise	-	0-8	-
PIMS/COGNOS Reports Exercise			
Term and Application Matching Exercise
